Spruce Hills Community Church is a church strategically located at the busiest intersection in the heart of Paradise. Our town continues to be one of the fastest growing communities in all of Atlantic Canada and the third largest municipality in NL. The median age in our town is 37. Thirty-three (33%) of our overall population is under the age of 19. Our vision is to create space for people to explore faith in Jesus and grow together on purpose.

In the last two years, we have celebrated 21 water baptisms. Our church family has grown significantly and, in an effort, to create space for our church to still be able to grow, we conduct two Sunday morning gatherings each week. We have run two Alpha courses which has led to first-time salvation commitments, recommitments to Jesus, and a hunger to reach our community amongst our leaders. God has given us a vision to create space for prayer, and as a result of this, we have two prayer rooms that are open each week.

We continue to prioritize the Next-Generation. Our weekly youth ministry averages 20 students, and in 2023, we had 75 children registered for our children's ministries. With nearly 33% of our community being 18 years old or younger. We are incredibly excited to continue to partner with God in the community of Paradise.
